International Day

Kevin, Wuxi

On 4th June, Taihu International School had the International Day. Everyone came very early and we all lined up in our countries.

Then we all went out to the playground. After we all walked around the playground one time, we went to the steps at the front of the school and we had our school photo taken.

Then we all got in our mixed-up groups. We walked around the countrys' stalls. There were many activities that we could do. Sometimes we could get candy, or if you were even luckier, you could get prizes.

At lunch time, we had a very good lunch because we had lots of things to choose from and we could eat as much as we wanted, until all the

food was gone.

After lunch, we had our school assembly followed by a disco in the canteen. There were many dances

and songs. At home time, people were very tired. Everyone enjoyed International Day.

We got split into four rivers. They were Almond, Tummel, Earn and

Tay. There were also lots of different games like : The penalty kick, shuttle run, sack race, obstacle course, the variety race and the fruit shop.

At the very end, we did a running race and a sack race. After that we all said thanks to special people.

I think...

...the UK entry in the Eurovision Song Contest was worth more than last place. I thought it was a good, lively tune which is more than you could say about some of the others - and they got more points. What's going on....? [Sophie]
